## TRAVEL TIPS

- Travelling through the unique towns and open spaces of Western Australia is an experience never to be forgotten. Red sands of the outback meets the clear turquoise water of the Indian ocean, and lush green National Parks meet the rugged south west coast line.**
- While the remoteness, wildlife, sense of freedom and space are what makes Western Australia so special, they can also cause a concern for many travellers. Here are some tips to help you make the most of your holiday as pleasant and safe as possible.
- Driving**  
It is important that your vehicle is in roadworthy condition and mechanically capable of safely completing your journey.
- Check your spare tyre is inflated and in good working order.
  - Carry plenty of water for yourself, passengers and vehicle.
  - Ensure you have adequate tools with your vehicle until help arrives (over 100 metres are found in the North West and care should be taken around tidal areas, bush to find help).
  - Carry an adequate first aid kit.

- Be careful overtaking road trains as trucks can be towing three or four trailers and be more than 50 metres in length.
- Check unsealed road conditions as closures can occur after rain.
- Call the Main Roads Department for the latest road conditions on 138 138 or contact the local Visitor Centre.

## Wildlife

Look out for wildlife particularly when driving at dusk, dawn and night time as kangaroos, emus and cattle are on the move and are attracted to the headlights so driving at night is best avoided on country roads.

Crocodiles are found across the north of Australia including the Kimberley region. Avoid getting into or near the water in these areas; keep your foot on the ground and do not touch the water. For more information regarding crocodile locations if bushwalking ensure you have adequate foot protection against snakes; they are rare to see and are more scared of you than you are of them. Do not bite if treated on or off yourself with procedures if bitten; visit [lifeSavingWA.com.au](http://lifeSavingWA.com.au). The largest tides in the southern hemisphere (over 10 metres) are found in the North West and care should be taken around tidal areas, bush to find help.

# The Pinnacles

The Pinnacles Desert is located 200km north of Perth (two hours by car) and can be enjoyed as a day trip or stay the night at nearby Cervantes. These amazing natural limestone structures in the Nambung National Park were formed over 25,000 years ago, after the sea receded and left deposits of sea shells. Over time, coastal winds removed the surrounding sand, leaving the pillars exposed to the elements. Drop into the Pinnacle Desert Discovery Centre at the edge of the Pinnacles Desert for displays, videos and objects that explain the geology of the pinnacles formations and the cultural heritage or contact the Pinnacles Visitor Centre below.

# Valley of the Giants

Valley of the Giant's Tree Top Walk is an internationally recognised nature-based tourism attraction. On the Southern Ocean Coast of Western Australia, it's 400 kilometres south of Perth and is an experience not to be missed. Enjoy the excitement of walking 40 metres high through the canopy of the tingle forest and enjoy the majestic views to core wilderness areas. The Tree Top 600-metre walk has a gentle gradient, suitable for children and all ages, including wheelchairs and strollers. A walk trail links the Tree Top Walk to the Ancient Empire boardwalk where you can get up close and personal to the 400-year-old giants of the forest.

# Albany's Historic Whaling Station

Albany's Historic Whaling Station is the only experience of its kind in the world. Explore an intact whale processing factory and whale chasing ship - fully restored and ready for you to discover. The Cheynes Beach Whaling Company was the last whaling company to cease operations in Australia, closing in 1978. Opening in 1980, it is now home to an interactive museum on whales and whaling. Join a tour of the whaling factory with our passionate guides to gain an informative overview of the stations operations, and then discover the many additional exhibits at your own pace. Allow at least 3 hours to enjoy all there is to see and do.
