SEE & DO FREMANTLE

Fremantle is WA's chief port and is situated at the mouth of the Swan River, just 25 minutes west of Perth.

Cosmopolitan, friendly Fremantle was founded in 1829 by Captain Charles Howe Fremantle, in a ceremony which claimed the entire west coast "New Holland" in the name of King George IV. Convict labour was used to build many of the original buildings such as the Fremantle Prison and Fremantle Arts Centre, and with the arrival of the gold rush, Fremantle soon developed into a thriving port.

Fremantle is much more than an architectural time capsule. Full of colour and a relaxed and casual atmosphere with busy restaurants and bars trading all hours of the day and night, one of the most intriguing aspects is that it is still possible to walk down streets that have remained virtually unchanged since the mid-19th century.

Browse through historic markets, bookstores and local designer boutiques. Enjoy fresh fish and chips and succulent seafood at the Fishing Boat Harbour, pizza and pasta along the Cappuccino Strip, world famous coffee at one of the many cafes, or visit the very stylish microbrewery, Little Creatures, who offer an incredible range of amber ales... or for something different and fun take a Segway Tour around the port and charming streets - see page 23.

Learn Fremantle's history and visit a selection of museums such as the Maritime, Shipwreck or the Army Museum. Enjoy a free exhibition at the Fremantle Arts Centre, a swim in the ocean at Bathers Beach, or simply enjoy the lovely sunshine in one of Fremantle's shady parks. Fremantle Prison and The Roundhouse offer historic tours or take a guided Tram ride to experience more of the city and its' history. See the following pages for a selection of attractions and activities, and drop into the Visitor Centre in Kings Square.

FREMANTLE FISHING BOAT HARBOUR

FISHING BOAT HARBOUR

The Fishing Boat Harbour is Australia's largest small boat harbour and is home to a wide range of commercial fishing vessels. The Harbour was built in 1919 and many of the fishing enterprises are descended from the Italian towns of Molfetta on the Adriatic Sea, and Capo d'Orlando in Sicily.

Many families of the original fisherman still fish out of Fremantle today. The Fishing Boat Harbour was actually a small fishing industry until it was subject to worldwide focus following Australia II winning the America's Cup, which resulted in major development over a very short period of time.

The Harbour today is still a very busy working port, and is home to over a dozen restaurants, the WA Shipwrecks Museum, a fresh fish market, accommodation, bike hire and a brewery. Shop for freshly caught seafood, soak up the ambiance and watch the fishing boats come and go while enjoying the world's finest fresh fish. See the following pages for a selection of dining choices.

ROTTNEST ISLAND

Rottnest Island is Western Australia's very own Island getaway, offering a casual atmosphere, picturesque scenery and some of the world's finest beaches and bays. Located just 19 kilometres off the coast of Fremantle, it's a special place for locals and a popular destination for interstate and international visitors.

Rottnest Island was inhabited by Aboriginal people until rising sea levels separated the island from the mainland about 7,000 years ago; the first records of human occupation of Rottnest Island are from more than 6,500 years ago. The first Europeans took up residence on the island shortly after the settlement of the Swan River Colony in 1829.

Today Rottnest Island is a relaxed, car free island offering world class beaches and stunning bays, plenty of alfresco, casual dining, walk trails, swimming, snorkeling bike riding, and an abundance of natural wonders.

ROTTNEST ISLAND IN WINTER

Rottnest Island is often associated with hot summer days, beaches, snorkeling and swimming. However the island is a peaceful and relaxing winter destination with plenty of crisp, sunny days, less crowds and great accommodation deals!

Enjoy long, leisurely walks around the stunning coastline or along the Wadjemup Bidi, where you may come across intriguing island wildlife. Take a historic journey on the Oliver Hill Gun and Tunnels Tour, revealing the restored WW11 9.2 inch gun and a maze of underground tunnels.

Discover the island's hidden treasures with an exciting guided tour by Segway Tours WA, and for the more adventurous, skydive from 10 or 15,000 feet and take in the views of the entire island. You can also climb the Wadjemup Lighthouse which offers breathtaking 360 degree views of the island. Ferries to the Island depart daily from Perth, Fremantle and Hillarys Boat Harbour. A very cute Quokka!

ROTTNEST ISLAND QUOKKA

Perhaps the most photographed animal in the world and dubbed the happiest animal on earth (due to the Quokka selfie craze), the quokka is native to Rottnest Island and looks like a pint sized kangaroo. William de Vlamingh, who in 1696 was the first recorded European visitor to Rottnest, gave the Island its name Rotte nest' (meaning rat's nest) after the abundance of quokkas he saw, mistaking them for rats. Quokkas roam freely around the island in their natural habitat and are very friendly little creatures; but remember that Quokkas are wild animals and endangered species, so make sure you follow these simple rules to help protect them - don't feed, don't touch, don't harm. Learn more about Rottnest Island's unique wildlife, visit <http://wildlife.rottnestisland.com>.

DID YOU KNOW...

That you may incur a \$150 fine if caught touching or feeding a quokka? Feeding a quokka its unnatural diet can cause serious illness or be fatal.

Less than an hour from Perth, Mandurah is a vibrant tourist destination and also a popular weekend getaway for locals. With plenty of quality waterside restaurants, clear blue water, spectacular beach sunsets, wildlife, numerous activities for the family, plenty of accommodation choices and a relaxed, holiday atmosphere, Mandurah offers something for everyone.

The Mandurah area was originally home to the Binjareb people, of the Bibbulmun nation. It was then known as Mandjoogoordap, which translates to 'meeting place of the heart'. In 1828, Englishman Thomas Peel established a small settlement at the mouth of the Peel-Harvey Estuary, that was to become Mandurah. In the late 1800's, the quiet fishing village carved

an existence from fishing, farming and canneries. The pastoral land has since been transformed into canals lined with multi million dollar homes. The city centre foreshore is home to a variety of wildlife including dolphins, pelicans, shags, and an abundance of marine life including the blue manna crab which has become synonymous with the area. Mandurah is easily accessible by train from Perth. Drop into the Visitor Centre at 75 Mandurah Terrace, visit visitmandurah.com or call 9550 3999.

Southern European migrants arrived in the Swan Valley after World War I and then again after World War II, drawing upon their wine making skills from home to help make the Swan Valley what it is today. GOLFING IN PERTH

Perth is a popular destination for the golfing enthusiast as there aren't too many places in the world where you can play golf alongside enquisitive kangaroos and enjoy sweeping coastal views.

Our warm, sunny climate allows for play mostly all year round and with plenty of wide open spaces and unique Western Australian flora and fauna, beautiful surrounding scenery is the norm. Some of the top courses have been designed by world-famous golf architects and played host to world championship tournaments, such as the Johnnie Walker Classic.

There are over 40 courses in the metropolitan area, all within an easy hour drive of the Perth CBD. You'll find courses offering their own unique environments in Joondalup, the Perth Hills, Armadale, Rottnest Island, the Swan Valley, Rockingham and Mandurah. Facilities include state-of-the-art driving ranges, motorised buggies, pro shops, bars and restaurants. Some offer resort style accommodation, swimming pools, function facilities and professional tuition.

Many clubs are open 7 days a week and we advise to book in advance, particularly for weekend play. Fees vary for each club, as does the dress code, and you can hire clubs and carts at all golf courses.

WILDLIFE EXPERIENCES IN PERTH

Surrounded by national parks and pristine coastlines, Perth offers plenty of opportunities to get up close and personal to its native wildlife.

Sharing a moment with beautiful and unique wildlife can provide one of life's 'wow' moments and a warm holiday memory. For those that prefer to spot wildlife in their natural setting, there are many options only a short car or boat ride away. Dolphins, penguins, seals, quokkas, birdlife, kangaroos, koalas and even whales (during season) are at our doorstep. If you'd rather experience a close encounter, there are several wildlife parks surrounding Perth that offer unique opportunities to learn about and get close to native wildlife.

Rottneet Island is a goldmine filled with all sorts of wildlife that can be spotted in their natural habitat. The famous quokkas can be found all across the island (see page 70) but the island offers much more; from New Zealand Fur Seals off the Cathedral Rocks viewing platform to bottlenose dolphins in Salmon Bay, Bobtail lizards on land and Osprey eagles in the sky.

Wild kangaroos are always a pleasure to discover in the wild and Perth offers many opportunities. You'll find wild kangaroos at Heirrisson Island, Whiteman Park, Yanchep National Park, over a spot of golf at The Vines Resort & Country Club, in the Perth Hills, Pinaroo Valley Memorial Park and John Forrest National Park to name a few. For a more tame experience, you can pat and feed the many kangaroos at Caversham Wildlife Park, see the inside back cover. For the above locations, see the Suburban Fold Out Map.

Wild Kangaroos,
Yanchep National Park

Although you can see koalas in zoos around the world, they are only found in the wild in Australia. Though not native to Western Australia, Yanchep National Park is home to a colony of koalas since 1938; they are however elusive little creatures and to guarantee a koala experience you are best to visit them in one of our wildlife parks. Caversham Wildlife Park, The Maze, Peel Zoo, Perth Zoo and even Adventure World are attractions where you can get up close to these cute and sleepy little bears.

South of Perth, Penguin Island in the Shoalwater Islands Marine Park is home to the smallest species of penguin in the world, aptly named 'the Little Penguin.' The marine park is full of other wildlife and there's plenty to do, from swimming with the dolphins, glass bottom cruises to spot Sea Lions, sea kayak tours and penguin feeding... Penguin Island is the perfect place to get up close to local wildlife. During winter you can join the 60 minute Penguin Island Wildlife Cruise with Rockingham Wild Encounters, see page 81.

260 Bottlenose dolphins reside in the Shoalwater Islands Marine Park, but you can also get up close to them in the waterways of Mandurah, which is roughly an hour from the Perth CBD. See page 85.

Heading underwater, you can visit AQWA to encounter giant sharks, turtles and stingrays in Australia's largest single aquarium. See rare and unique creatures such as seadragons and turtles and experience the wonder of one of the world's largest living coral reef exhibits. see page 75.

Koalas, Caversham
Wildlife Park

A day trip to guarantee a wonderful and unique experience with native wildlife, Caversham Wildlife Park in the Swan Valley is a family owned park featuring over 200 different species of animals. From feeding kangaroos to hanging out with koalas and wombats up close, there are endless things to see and do. See the inside back cover.

A day pass at Perth Zoo is enough to keep anyone occupied from dawn til dusk with over 1500 animals housed in stunning gardens. Visit native Australian animals plus African and Asian species; see page 19.

These are only a selection of Australian wildlife experiences; Western Australia is a vast land and is teeming with unique creatures! Visit our website for wildlife tours or pop into the WA Visitor Centre in William Street, Perth and ask the helpful staff about other wildlife attractions.

A BRIEF HISTORY

The first inhabitants of Australia arrived from the north approximately 40,000 to 60,000 years ago. Prior to the arrival of Europeans, Western Australia was occupied solely by Indigenous Australians who had lived peacefully and in harmony with the land for tens of thousands of years.

Indigenous Australians have a rich history and culture that is well worth exploring. Like so many Indigenous cultures of the 18th and 19th centuries, things were about to change.

In March 1827, Captain James Stirling of the Royal Navy arrived in the Swan River and discovered a land that possessed great natural attractions, in contrast to the previous Dutch and French navigators who described New Holland (a name given to Australia by the Dutch) as sterile, forbidding and inhospitable.

This landing and subsequent report by Stirling to His Majesty's Government back in England, led to the foundation of the Swan River Settlement in June 1829.

Using the Swan River for transport, three towns were formed, Perth, Fremantle and Guildford. Fremantle, 20 kilometres downstream on the coast served as the colony's functional port and Guildford, 20 kilometres to the east was chosen to supply produce to the surrounding region because of the rich, fertile soil found in the Swan Valley.

Experiencing severe labour shortages, the British sent convicts to Western Australia between 1850 and 1868 to help establish settlements. 9721 convicts were transported to WA on 43 convict voyages. Between 1850 and 1868 Western Australia was a Penal Colony. The convicts were involved in a significant amount of infrastructure such as the Fremantle Prison, Government House, The Cloisters, the Swan River Mechanics' Institute and the Perth Town Hall.

The Noongar people have a rich cultural heritage that offer visitors an experience found no where else in the world, and have forged a strong identity that resonates throughout the state. View the Indigenous art at the Art Gallery of WA, the WA Museum and the Aboriginal Art Gallery in Kings Park. Visit the Charnock Woman, a 25 metre pavement mosaic in Victoria Gardens, East Perth, or the Yagan statue on Heirisson Island.

It took until the turn of the century to explore most of the state. In 1890, gold was discovered in the Kimberley and Kalgoorlie. This led to a population explosion and established Perth as the colony's trade capital, with Fremantle having to upgrade the harbour to cope with increased demand. Most of Fremantle's original architecture can still be seen today lovingly restored.

The Indigenous Cultures of Australia are the oldest living culture in the world. Indigenous communities kept their cultural heritage alive by passing their knowledge, arts, rituals and performances from one generation to another, through storytelling, painting and dance.

With the advent of the Second World War, the 1940s initiated a huge demand for minerals and WA had plenty. Lead, iron ore, diamonds, nickel, mineral sands, oil and gas; some of the biggest mining and exploration companies in the world have offices in Perth. WA's economy still relies heavily upon the natural resources sector.
