## A Brief History

The first inhabitants of Australia arrived from the north approximately 40,000 to 60,000 years ago. Prior to the arrival of Europeans, Western Australia was occupied solely by Indigenous Australians who had lived peacefully and in harmony with the land for tens of thousands of years.

Indigenous Australians have a rich history and culture that is well worth exploring. Like so many Indigenous cultures of the 18th and 19th centuries, things were about to change.

In March 1827, Captain James Stirling of the Royal Navy arrived in the Swan River and discovered a land that possessed great natural attractions, in contrast to the previous Dutch and French navigators who described New Holland (a name given to Australia by the Dutch) as sterile, forbidding and inhospitable. This landing and

subsequent report by Stirling to His Majesty's Government back in England, led to the foundation of the Swan River Settlement in June 1829.

Using the Swan River for transport, three towns were formed, Perth, Fremantle and Guildford. Fremantle, 20 kilometres downstream on the coast served as the colony's functional port and Guildford, 20 kilometres to the east was chosen to supply produce to the surrounding region because of the rich, fertile soil found in the Swan Valley.

Experiencing severe labour shortages, the British sent convicts to Western Australia between 1850 and 1868 to help establish settlements. 9721 convicts were transported to WA on 43 convict voyages. Between 1850 and 1868 Western Australia was a Penal Colony. The convicts were involved in a significant amount of infrastructure such as the Fremantle Prison, Government House, The Cloisters, the Swan River Mechanics' Institute and the Perth Town Hall.

The Noongar people have a rich cultural heritage that offer visitors an experience found nowhere else in the world, and have forged a strong identity that resonates throughout the state. View the Indigenous art at the Art Gallery of WA, the WA Museum and the Aboriginal Art Gallery in Kings Park. Visit the Charnock Woman, a 25 metre pavement mosaic in Victoria Gardens, East Perth, or the Yagan statue on Heirisson Island.

It took until the turn of the century to explore most of the state. In 1890, gold was discovered in the Kimberley and Kalgoorlie. This led to a population explosion and established Perth as the colony's trade capital, with Fremantle having to upgrade the harbour to cope with increased demand. Most of Fremantle's original architecture can still be seen today lovingly restored. With the advent of the Second World War, the 1940s initiated a huge demand for minerals and WA had plenty. Lead, iron ore, diamonds, nickel, mineral sands, oil and

gas; some of the biggest mining and exploration companies in the world have offices in Perth. WA's economy still relies heavily upon the natural resources sector.

## DID YOU KNOW...

## Perth City ELIZABETH QUAY

Perth's riverfront was once a place for picnics and paddling, with public baths along the water's edge. As the city grew, new development cut off the connection between the river and the city, culminating in 1940 when Riverside Drive was built. Completed in December 2016, Elizabeth Quay is a landmark waterfront development that brings the river and the city together again, creating a dynamic new entertainment and leisure precinct for Perth locals and visitors.

Additional to fabulous dining choices on the water's edge in Elizabeth Quay, you can also take a ride on the beautiful Swan River in any number of unique ways; take a romantic Gondola Ride with Gondolas on the Swan, who offer daily 15, 30 or 60 minute peaceful cruises. The Little Ferry Co's boutique electric ferries are on the water every day providing a regular service connecting Elizabeth Quay, On the Point and Claisebrook Cove in East Perth, and Wild West Charters eco adventure tours are informative and can take you across the water to a number of various destinations. Located at Barrack Square, overlooking the picturesque Swan River is one of Perth's most unique tourist attractions. Filled with fascinating historic content, the Bell Tower has become an icon for Perth and WA.

The Bell Tower includes the twelve bells of one of London's most famous churches, St Martin-in-the-Fields, and are recorded as being in existence from before the 14th century and recast in the 16th century by Queen Elizabeth I. The bells have rung out to celebrate many historic events such as England's victory over the Spanish Armada in 1588, The World War II victory at El Alamein in 1942, and has celebrated the coronation of every British monarch since King George II in 1727.

Have a go at chiming a bell yourself in their Bell Tower Experience Tour, an experience offered nowhere else on the planet! Browse the gift shop which displays iconic Australian souvenirs and enjoy the stunning views. You can also purchase Love Locks at the Bell Tower! Love Locks are padlocks fixed to a public structure and are a symbol of a couple's eternal love. See page 1 or the City Fold Out Map, and the Discount Voucher on page 56.

### CAMELWEST

For a remarkable and unique Perth holiday experience, hop aboard Camelwest's majestic camels on the bank of the Swan River for an entirely new perspective of the City of Perth.

Camels were an integral part of Western Australia's history. During the late 1800's and early 1900's they were the long haul method of transport carrying wool, sandalwood and wheat which were a major source of wealth during this time. Camels were also the choice of transport for people and goods.

Mounting from the specially designed platforms makes it easy for you and the camels. Sit atop the gentle giants strolling along the river path enjoying views across to South Perth and the gardens to the city, on through the Canary Island Date Palms, past the Bell Tower and into Barrack Square alongside Elizabeth Quay. Your cameleer guide will tell some stories of how camels helped build the infrastructure of WA. You will be emailed a series of photos of your ride including you feeding your camel carrot (they love carrot!). After work each day they return home to 10 acres in the Swan Valley, and periodically holiday on a farm in the Perth Hills. See opposite.

## See & Do Fremantle

Fremantle is Western Australia's chief port and is situated at the mouth of the Swan River, just 25 minutes west of Perth.

Cosmopolitan, friendly Fremantle was founded in 1829 by Captain Charles Howe Fremantle, on the HMAS Challenger, in a ceremony which claimed the entire west coast of the previously named "New Holland" in the name of King George IV. Convict labour was used to build many of the original buildings such as the Fremantle Prison and Fremantle Arts Centre, and with the arrival of the gold rush, Fremantle soon developed into a thriving port.

Fremantle is much more than an architectural time capsule. Full of colour and a relaxed and casual atmosphere with busy restaurants and bars trading all hours of the day and night, one of the most intriguing aspects is that it is still possible to walk down streets that have remained virtually unchanged since the mid-19th century.

Browse through historic markets, bookstores and local designer boutiques. Enjoy fresh fish and chips and succulent seafood at the Fishing Boat Harbour, pizza and pasta along the Cappuccino Strip, world famous coffee at one of the many cafes, or visit the very stylish microbrewery, Little Creatures, who offer an incredible range of amber ales... or for something different and fun take a Segway Tour around the port and charming streets.

Learn Fremantle's history and visit a selection of museums such as the Maritime, Shipwreck or the Army Museum. Enjoy a free exhibition at the Fremantle Arts Centre, a swim in the ocean at Bathers Beach, or simply enjoy the lovely sunshine in one of Fremantle's shady parks. Fremantle Prison and The Roundhouse offer historic tours or take a guided Tram ride to experience more of the city and its' history. See the following pages for a selection of attractions and activities, and drop into the Visitor Centre in Kings Square. See the Fremantle Map on page 45 for the locations of Fremantle's attractions and activities.

## Fishing Boat Harbour

### FISHING BOAT HARBOUR

The Fishing Boat Harbour is Australia's largest small boat harbour and is home to a wide range of commercial fishing vessels. Many of the fishing enterprises are descended from the Italian towns of Molfetta on the Adriatic Sea, and Capo d'Orlando in Sicily. Many families of the original fisherman still fish out of Fremantle today. The Fishing Boat Harbour was actually a small fishing industry until it was subject to worldwide focus following Australia II winning the America's

Cup, which resulted in major development. The Harbour today is still a very busy working port, and is home to over a dozen restaurants, the WA Shipwrecks Museum, a fresh fish market, accommodation, bike hire and a brewery.

The Basin,  
Rottnest Island

## Rottnest Island

Rottnest Island is Western Australia's very own Island getaway, offering a casual atmosphere, picturesque scenery and some of the world's finest beaches and bays. Located just 19 kilometres off the coast of Fremantle, it's a special place for locals and a popular destination for interstate and international visitors.

Rottnest Island was inhabited by Aboriginal people until rising sea levels separated the island from the mainland about 7,000 years ago; the first records of human occupation of Rottnest Island are from more than 6,500 years ago. The first Europeans took up residence on the island shortly after the settlement of the Swan River Colony in 1829. Today Rottnest Island is a relaxed, car free island offering world class beaches and stunning bays, plenty of alfresco, casual dining, walk trails, swimming, snorkeling bike riding, and an abundance of natural wonders.

### ROTTNEST ISLAND IN AUTUMN

Autumn is a popular time to visit Rottnest Island, with the cooling weather providing warm, sunny days to enjoy the tranquil walk trails and bike riding while still being hot enough to swim in the beautiful beaches and bays. Visitors and locals alike spend lazy days swimming, snorkeling, exploring the island and evenings with a cold drink over a BBQ. Children play tirelessly, the sun shines endlessly and the relaxed island is abuzz with good, family friendly cheer.

Enjoy long, leisurely walks around the stunning coastline or along the Wadjemup Bidi, where you may come across intriguing island wildlife. Take a historic journey on the Oliver Hill Gun and Tunnels Tour, revealing the restored WWII 9.2 inch gun and a maze of underground tunnels. Discover the island's hidden treasures with an exciting guided tour by Segway Tours WA, and for the more adventurous, skydive from 10 or 15,000 feet and take in the views of the entire island. You can also climb the Wadjemup Lighthouse which offers breathtaking 360 degree views of the island. Ferries to the Island depart daily from Perth, Fremantle and Hillarys Boat Harbour. Quokka  
Selfie!

## ROTTNEST ISLAND QUOKKA

Perhaps the most photographed animal in the world and dubbed the happiest animal on earth (due to the Quokka selfie craze), the quokka is native to Rottnest Island and looks like a pint sized kangaroo. William de Vlamingh, who in 1696 was the first recorded European visitor to Rottnest, gave the Island its name 'Rotte nest' (meaning rat's nest) after the abundance of quokkas he saw, mistaking them for rats. Quokkas roam freely around the island in their natural habitat and are very friendly little creatures; but remember that Quokkas are wild animals and endangered species, so make sure you follow these simple rules to help protect them - don't feed, don't touch, don't harm. You may incur a \$150 fine if caught touching or feeding a quokka as feeding a quokka its unnatural diet can cause serious illness or be fatal. Learn more about Rottnest Island's unique wildlife, visit <http://wildlife.rottnestisland.com>.

### SEALINK ROTTNEST ISLAND

Departing daily from Fremantle, SeaLink Rottnest Island provides a competitively priced ferry service to Perth's favourite island paradise. With hospitality trained staff you can expect excellent customer service and a friendly smile to welcome you on board.

Multiple trips depart each day for your convenience, and their experienced team can tailor an itinerary for you with a wide range of touring and package options available. Rottnest services from Fremantle also connect with Captain Cook Cruises Swan River scenic transfers between Perth and Fremantle, giving guests a seamless cruising experience from the CBD.

SeaLink Rottnest Island is also pleased to welcome the first vessel to its fleet - Quokka 1 is the newest and most environmentally friendly vessel to be servicing Rottnest Island. With a brand-new purpose-built bar on board you can enjoy a refreshment (or two) to kick start your island adventure. See opposite and the Discount Voucher on page 58.

Rottnest Island is a car free island - aside from the tour buses and maintenance vehicles - and so bike riding is the most popular way to get around. One of the most enjoyable experiences you can have is bike riding to explore and discover the many beautiful and often secluded bays around the island. The further you ride, the more secluded the bays become! Take a picnic lunch in your back pack, and stop at one bay for a swim, continue on to the next bay for a snorkle, and the next for lunch and a snooze! Many locals take their own bikes across on the ferries, but you can hire bikes through your ferry packages or when you arrive on the island, head to Pedal and Flipper behind the Rottnest Hotel who have a huge selection of bikes for hire, including electric. They also hire paddleboards, surfboards, diving and snorkeling equipment, wetsuits plus fun game such as cricket sets, tennis racquets and volleyball nets.

Another favourite past time for us locals is heading to the Hotel Rottnest beer garden overlooking Thomson Bay. Enjoy a cold glass of Western Australian white wine or beer, perhaps some shucked oysters, fresh seafood or wood fired pizza in the sunshine and enjoy the island atmosphere and views!

### DID YOU KNOW...

*That no two whale sharks have the same dot patterns? They are likened to fingerprints on humans*

A whale shark is a fish and breathes via its gills. The name whale shark comes from the fact these animals are so large (as big as whales) and that they filter feed, however they have cartilage instead of bone, making them a true shark. Despite their huge size - a 12 metre whale shark may weigh as much as 11 tonnes and have a mouth over a metre wide - whale sharks are docile creatures and cruise the world's oceans looking for plankton.
