A Brief History

The first inhabitants of Australia arrived from the north approximately 40,000 to 60,000 years ago. Prior to the arrival of Europeans, Western Australia was occupied solely by Indigenous Australians who had lived peacefully and in harmony with the land for tens of thousands of years.

Indigenous Australians have a rich history and culture that is well worth exploring. Like so many Indigenous cultures of the 18th and 19th centuries, things were about to change.

In March 1827, Captain James Stirling of the Royal Navy arrived in the Swan River and discovered a land that possessed great natural attractions, in contrast to the previous Dutch and French navigators who described New Holland (a name given to Australia by the Dutch) as sterile, forbidding and inhospitable. This landing and subsequent report by Stirling to His Majesty's Government back in England, led to the foundation of the Swan River Settlement in June 1829.

Using the Swan River for transport, three towns were formed, Perth, Fremantle and Guildford. Fremantle, 20 kilometres downstream on the coast served as the colony's functional port and Guildford, 20 kilometres to the east was chosen to supply produce to the surrounding region because of the rich, fertile soil found in the Swan Valley.

Experiencing severe labour shortages, the British sent convicts to Western Australia between 1850 and 1868 to help establish settlements. 9721 convicts were transported to WA on 43 convict voyages. Between 1850 and 1868 Western Australia was a Penal Colony. The convicts were involved in a significant amount of infrastructure such as the Fremantle Prison, Government House, The Cloisters, the Swan River Mechanics' Institute and the Perth Town Hall.

www.helloperth.com.au

The Noongar people have a rich cultural heritage that offer visitors an experience found no where else in the world, and have forged a strong identity that resonates throughout the state. View the Indigenous art at the Art Gallery of WA, the WA Museum and the Aboriginal Art Gallery in Kings Park. Visit the Charnock Woman, a 25 metre pavement mosiac in Victoria Gardens, East Perth, or the Yagan statue on Heirisson Island.

It took until the turn of the century to explore most of the state. In 1890, gold was discovered in the Kimberley and Kalgoorlie. This led to a population explosion and established Perth as the colony's trade capital, with Fremantle having to upgrade the harbour to cope with increased demand. Most of Fremantle's original architecture can still be seen today lovingly restored. With the advent of the Second World War, the 1940s initiated a huge demand for minerals and WA had plenty. Lead, iron ore, diamonds, nickel, mineral sands, oil and gas; some of the biggest mining and exploration companies in the world have offices in Perth. WA's economy still relies heavily upon the natural resources sector.

The Indigenous Cultures of Australia are the oldest living culture in the world. Indigenous communities kept their cultural heritage alive by passing their knowledge, arts, rituals and performances from one generation to another, through storytelling, painting and dance.

For a remarkable and unique Perth holiday experience, hop aboard Camelwest's majestic camels on the bank of the Swan River for an entirely new perspective of the City of Perth. Camels were an integral part of Western Australia's history. During the late 1800's and early 1900's they were the long haul method of transport carrying wool, sandalwood and wheat which were a major source of wealth during this time. Camels were also the choice of transport for people and goods.

Mounting from the specially designed platforms makes it easy for you and the camels. Sit atop the gentle giants strolling along the river path enjoying views across to South Perth and the gardens to the city, on through the Canary Island Date Palms, past the Bell Tower and into Barrack Square alongside Elizabeth Quay. Your cameleer guide will tell some stories of how camels helped build the infrastructure of WA, and you will be emailed a series of photos of your ride. After work each day they return home to 10 acres in the Swan Valley, and periodically holiday on a farm in the Perth Hills. Camelwest begin their 2018 season in early October; see opposite and the Discount Voucher on page 58.

THE BELL TOWER

Located at Barrack Square, overlooking the picturesque Swan River is one of Perth's most unique tourist attractions. Filled with fascinating historic content, the Bell Tower has become an icon for Perth and WA.

The Bell Tower includes the twelve bells of one of London's most famous churches, St Martin-in-the-Fields, and are recorded as being in existence from before the 14th century and recast in the 16th century by Queen Elizabeth I. The bells have rung out to celebrate many historic events such as England's victory over the Spanish Armada in 1588, The World War II victory at El Alamein in 1942, and has celebrated the coronation of every British monarch since King George II in 1727.

See & Do Fremantle

Fremantle is Western Australia's chief port and is situated at the mouth of the Swan River, just 25 minutes west of Perth.

Cosmopolitan, friendly Fremantle was founded in 1829 by Captain Charles Howe Fremantle, on the HMAS Challenger, in a ceremony which claimed the entire west coast of the previously named "New Holland" in the name of King George IV. Convict labour was used to build many of the original buildings such as the Fremantle Prison and Fremantle Arts Centre, and with the arrival of the gold rush, Fremantle soon developed into a thriving port.

Fremantle is much more than an architectural time capsule. Full of colour and a relaxed and casual atmosphere with busy restaurants and bars trading all hours of the day and night, one of the most intriguing aspects is that it is still possible to walk down streets that have remained virtually unchanged since the mid-19th century.

Browse through historic markets, bookstores and local designer boutiques. Enjoy fresh fish and chips and succulent seafood at the Fishing Boat Harbour, pizza and pasta along the Cappuccino Strip, world famous coffee at one of the many cafes, or visit the very stylish microbrewery, Little Creatures, who offer an incredible range of amber ales... or for something different and fun take a Segway Tour around the port and charming streets.

Learn Fremantle's history and visit a selection of museums such as the Maritime, Shipwreck or the Army Museum. Enjoy a free exhibition at the Fremantle Arts Centre, a swim in the ocean at Bathers Beach, or simply enjoy the lovely sunshine in one of Fremantle's shady parks. Fremantle Prison and The Roundhouse offer historic tours or take a guided Tram ride to experience more of the city and its' history. See the following pages for a selection of attractions and activities, and drop into the Visitor Centre in Kings Square. See the Fremantle Map on page 45 for the locations of Fremantle's attractions and activities.

Step inside and do time with Fremantle Prison's experienced guides on a Prison Day Tour, Tunnels Tour adventure or spooky Torchlight Tour. Fremantle Prison is open 7 days a week and the Prison Gatehouse is open from 9.00am to 5.00pm daily, and later on Wednesday and Friday evenings. See page 39 or the Fremantle Map.

Fishing Boat Harbour

Fishing Boat Harbour

FISHING BOAT HARBOUR

The Fishing Boat Harbour is Australia's largest small boat harbour and is home to a wide range of commercial fishing vessels. The Harbour was built in 1919 and many of the fishing enterprises are descended from the Italian towns of Molfetta on the Adriatic Sea, and Capo d'Orlando in Sicily.

Many families of the original fisherman still fish out of Fremantle today. The Fishing Boat Harbour was actually a small fishing industry until it was subject to worldwide focus following Australia II winning the America's Cup, which resulted in major development over a very short period of time. The Harbour today is still a very busy working port, and is home to over a dozen restaurants, the Shipwreck Museum, a fresh fish market, accommodation, bike hire and a brewery. Shop for freshly caught seafood, soak up the ambiance and watch the fishing boats come and go while enjoying the world's finest fresh fish. See the Dining section for a selection of dining choices in the Harbour.

Within the Fishing Boat Harbour you'll find numerous sculptures along the water's edge, which celebrate and represent Fremantle's fishing heritage, and it's also home to the tribute statue of Fremantle boy Bon Scott, ACDC's lead singer.

The Harbour boasts a wide variety of annual events and festivals such as the Blessing of the Fleet, the Fremantle Street Arts Festival and the Fremantle Seafood Festival. Visit fremantlestory.com.au for the schedule of events. Why not stay for a few days? There are several accommodation choices either within the harbour or nearby, so you can relax and indulge! Rottnest Island

Rottnest Island is Western Australia's very own Island getaway, offering a casual atmosphere, picturesque scenery and some of the world's finest beaches and bays. Located just 19 kilometres off the coast of Fremantle, it's a special place for locals and a popular destination for interstate and international visitors.

Known to local Aboriginal people as Wadjemup, which means 'place of spirits' in the Whadjuk language, the Island is of significance to Aboriginal communities across the State. Artefacts have been found at a number of sites on Rottnest Island pre-dating 6,500 years and are possibly tens of thousands of years old, indicating previous Aboriginal occupation of this area prior to the separation of the Island from the mainland. The first Europeans took up residence on the island shortly after the settlement of the Swan River Colony in 1829. Today Rottnest Island is a relaxed, car free island offering world class beaches and stunning bays, casual dining, walk trails, swimming, snorkeling, bike riding, and an abundance of natural wonders.

Spring is a beautiful time to visit Rottnest Island, when nature re-awakens with the bloom of wildflowers, the birth of baby quokkas and perhaps even dolphins and the migrating whales frolicking offshore. Spring supplies plenty of warm sunny days, perfect for bike riding, long leisurely walks, swimming, sunbaking, alfresco dining and enjoying the relaxed, carefree atmosphere of the island.

Quokka Selfie!

QUOKKAS

Perhaps the most photographed animal in the world (due to the Quokka selfie craze!), the quokka is native to Rottnest Island and looks like a pint sized kangaroo. William de Vlamingh, who in 1696 was the first recorded European visitor to Rottnest, gave the Island its name Rotte nest' (meaning rat's nest) after the abundance of quokkas he saw, mistaking them for rats.

Quokkas roam freely around the island in their natural habitat and are very friendly little creatures; but remember that Quokkas are wild animals and endangered species, so make sure you follow these simple rules to help protect them - don't feed, don't touch, don't harm. Feeding a quokka its unnatural diet can cause serious illness or be fatal.

Wadjemup Bidi Walk Trail

Enjoy bike riding around the island

Rottnest Island is a car free island - aside from the tour buses and maintenance vehicles - and so bike riding is the most popular way to get around. One of the most enjoyable experiences you can have is bike riding to explore and discover the many beautiful and often secluded bays around the island. The further you ride, the more secluded the bays become! Take a picnic lunch in your back pack, and stop at one bay for a swim, continue on to the next bay for a snorkle, and the next for lunch and a snooze! Many locals take their own bikes across on the ferries, but you can hire bikes through your ferry packages or when you arrive on the island, head to Pedal and Flipper behind the Rottnest Hotel who have a huge selection of bikes for hire.

WADJEMUP BIDI

Experience the unique natural beauty of Rottnest Island by foot. Traverse the Island's unique landscapes along the Wadjemup Bidi; a series of walk trails that will take you across spectacular coastal headlands, past stunning inland lakes and encounter both natural and man-made attractions along the way. The Wadjemup Bidi is 45 kilometres of trails made up of 5 sections, each boasting culturally and environmentally significant landmarks to interpret and experience. WA Wildflowers

Greater Perth North

SPRING WILDFLOWERS

Wildflowers in Western Australia are well known as one of the most spectacular wildflower displays in the world. More than 60% of the wildflower species are unique to Western Australia and during the wildflower season the state showcases over 12,000 species. Pink boronias, red and green kangaroo paw and magenta paperbark blossom are top of the list for wildflower spotters.

The six-month flowering season begins in the north in June and July on the plains of the Pilbara, Goldfields and Coral Coast, and by September, it has moved south and reached Perth's botanical gardens, nature reserves and national parks, finishing in October and November throughout the forests and coastal heaths of the South West. Kings Park, Whiteman Park, Perth Hills, Noble Falls, the Avon Valley National Park and Jurien Bay are just a few starting points. SWAN VALLEY

Within an easy 30 minute drive east from Perth lies the historic wine region of the Swan Valley, well known world wide for its award winning wines. Southern European migrants arrived in the Swan Valley after World War I and then again after World War II, drawing upon their wine making skills from home to help make the Swan Valley what it is today. It's proudly the oldest wine region in Western Australia and you can follow a 32 kilometres loop to enjoy wineries, breweries, restaurants, cafes, arts, crafts, museums and shop for fresh produce. See the Swan Valley Map opposite for a huge choice of wineries and restaurants. Sample free tastings of wines and local produce such as olives, cheese, coffee and chocolate.
